

Social finance made accessible

7 February 2019, [Entre Nous](#)

Euclid Network organises a late afternoon Social Finance Café for social enterprise support organisations at the local social enterprise café Entre Nous. Key players from the European Commission, representatives from social investment networks and banks join us to explore different ways in which social entrepreneurs can access funding and investment. This is a unique opportunity to get first-hand information and ask all your questions on how the EU and other key players are funding and investing in social enterprises.

- 16.00-18.00 **Social Finance Café**
